THOUGHT HE HAD JAUNDICE.

OTHER DOCTORS SAID DIABE. TES, INDIGESTION, TORPID LIVER, LTC.

But None of the Prescribed Remedies Did Any Good, So the Patient Prescribed for Himself with Wonderful Results-He Is Now a Well Man.

From the Reporter, Fond du Lac, Wis. About a year ago The Reporter correspondent on a trip through Stockbridge, Wisconsin, was introduced to Mr. J. W Flower, whose appearance was anything but pleasant to one unacquainted with disease and its effects. One would think Mr. Flower had jaundice or consumption and to the reporter it seemed that he was not long for this world. Some six months later the correspondent saw Mr. Flower again, and there was a very marked improvement in his appearance. In reply to a question as to what had been the matter with him he stated he did not know exactly, but that he had been examined and treated by several physicians who failed to agree as to his ailments. Said Mr. Flower:

"One stated I had diabetes, another indigestion, and another said my spleen failed to supply the system with sufficient red corpuscles, another said my liver had become hardened and torpid, but none of the remedies prescribed did me any good. I was cold and weak nearly all the time; had no ambition, I had chills and then heat flashes, I was at times numb and thought I was paralyzed, my legs were so weak I could scarcely walk a block at times. I had given up all hope of ever getting better, when one day I read an article in The Reporter which spoke of Dr. Williams' Pink Pills for Pale People.

"I thought it was about the same as with other patent medicines and paid no attention to it, but my wife, who had been troubled as most women are, concluded to send for a box of the pills to use in her case, which she did. I read the circular wrapped around the box and concluded to try them myself unknown to her. I had no faith in their doing me any good, but much to my surprise, after taking them a week I began feeling better and as my wife was also feeling better I told her I was taking the pills. I sent for two boxes more, and in two months I was much better. My strength has improved ever since, and I am still gaining flesh. I have regained my appetite, and to-day I can do as much work on the farm as any man in my employ."

"Then, Mr. Flower, you honestly believe that Dr. Williams' Pink Pills have cured you and your wife?" questioned

the correspondent. "Yes, and I have given them to my children when they complain and on them they work like magic. It would be impossible for me to speak too highly of Dr. Waliams' Pink Pills, which I have at all times in my household. I commenced to use the Pink Pills in my family about one year and a half ago, and find them to do more than they are advertised to do. I would not be without them for any price, and am always glad to recommend them to all my friends, and would advise all others to use them, especially those who have suffered as myself and wife have suffered.

Mr. Flower, after the interview, submitted the following:
"Stockbridge, Wis., Jan. 18, 1896. "J. W. Flower, being duly sworn on his oath, says the foregoing statement is cor-

How She Worked It.

A clever Connecticut woman wanted to see the performance of a play in New York and also wanted Jefferson's autograph. She intended to make up a party to come down for the play, and when she was ordering the seats a bright idea struck her. She drew her check payable to the order of Joseph Jefferson, and a day or two ago it came back to her bank with the autograph of the comedian neatly indorsed upon it. That autograph is now pasted in the woman's album with a little note explaining the nature of the check.
